HEAT REFLECTIVE TAPE

*We are pleased to announce the latest breakthrough in self-adhesive, heat-reflective tapes:
 THE LIGHTEST, HIGHEST PERFORMANCE PRODUCT EVER OFFERED TO THE RACING MARKET!*

- Heat absorption and thickness identical to the ultra-expensive gold "satellite" tape used by top F1 teams.
- Less than HALF THE WEIGHT with MUCH HIGHER HEAT REFLECTIVITY than competitor's brand "M" (see chart below).

Designation	FI	USA	Competitor's Brand "M"
Construction	Gold x 1 mil Kapton x Acrylic PSA	Protected Aluminum x 1 mil Kapton x Acrylic PSA	1 mil Kapton x Aluminum x Adhesive
Radiant Heat Energy Absorbed	< 3%	< 4%	Approx. 60%
Weight (g/m ²)	98	98	230
Typical Adhesive Strength (oz./in.)	30	40	55
Appearance	Gold	Silver	Amber: colored film gives "gold" appearance
Standard Form	Rolls, 6 in. x 54 ft. 27 ft ²	Rolls, 15 in. x 30 ft. 37.5 ft ²	Rolls, 27 in. x 150 ft. 337.5 ft ²

Please contact us for further technical information or if you would like to place an order.

*Heat Reflective Tape is also available for purchase from EARL'S INDY:
